

2020 AS A STUDENT:

LET'S MAKE 2021:

Greetings!

You have been selected to join a program designed specifically for students like you considering attending City Colleges of Chicago. UtmostU's **Bridges to Success** program is meant to complement the assistance you will receive from your CCC adviser. UtmostU, founded in 2012, has been supporting young adults toward their two- and four-year degrees, and we are excited to work more directly with students like you at City Colleges this spring.

So, what are the benefits for me?

- a **\$400 grant**
- a **personal coach**
- a **peer mentor**
- **free T-Mobile cell service** (talk, text, data) -> 1 year of free service = **\$800 saved**
- access to **emergency funds**

What are my responsibilities?

Stay in touch with your coach and peer mentor plus complete a monthly 5-minute survey (that you get paid to submit). **It's that simple.** We'll reach out to you each month to see how things are going, help you address any issues, and keep you moving toward your degree.

When does this program start?

The program starts at the beginning of the **spring 2021 semester.**

How do I apply?

- **Step 1:** Complete this short [application](http://www.utmostu.org/bridges) (www.utmostu.org/bridges).
- **Step 2:** An UtmostU coach will contact you to discuss the next steps.
